I've been waiting 17 whole years to use this pussy, and today, I'm going to go out to the mall and fuck the first guy I see! You know why? Because today is my 18th birthday, that's why. My parents told me I could do anything I wanted to when I turned 18…because that's when I become a legal adult. Well, today's the day, so watch out! I've been practicing sexual intercourse with the handle of my hairbrush for a while now, so I'm pretty sure I know what it's going to be like, but you never know. It might be totally greater than anything ever, or it might suck a big, dirty, baboon ass too. I doubt that it'll suck though, or people wouldn't be so obsessed with fucking. Shit, my pussy is all sweaty cuzza' what I'm about to do.

I prefer older guys, so I think I'm going to look for somebody who's about 40-years-old or so. That's just about right, but I'll go as high as 50, as long as his dick still gets hard. I think older men are way more experienced, and since I like to learn new things, I think they could teach me a lot! My Aunt Sally said that guys my age just stick it in for like two seconds and that's it. "Two pump chumps," she calls them. Hahaha! That's funny. Aunt Sally smokes a lot of weed. Aunt Sally says girls need longer to get off, and older guys know that. I know that's true too, because I was talking to one of my neighbors, a boy my age named Frank, and he said he can just grab his dick and make it cum in like three seconds just by tugging on it a few times. Loser! It takes me about 15 or 20 minutes to make my pussy cum, and maybe a little less with my neck massaging vibrating wand. My Gram would totally freak if she knew I was using her Christmas present for that! Anyway, I always wanted a man to lick my pussy like they do in the porno movies, and all the guys I see doing that are always older, so that's what I need. I know it's bad to be talking about all this perverted stuff out in the open where anybody can read it, but it's what I want. Besides, I'm an adult now and can talk about anything I feel like. I can vote too. I wish I was old enough to vote for President Obama, but I was a few months too young. He's very attractive.

I wouldn't mind if President Obama put his penis in my pussy and fucked me under his desk like Bill Clinton did with that fat chick. Hell, he could even stick it in my booty if he wanted to. I would only let two men in the whole world put their cocks in my rear end—President Obama and Johnny Depp. Anal sex seems real dirty to me, but totally hot at the same time. That's probably why gay dudes are giggling and snapping their fingers all the time. Damn! There's so much to think about now that I'm an adult.

Lisbon,
ME

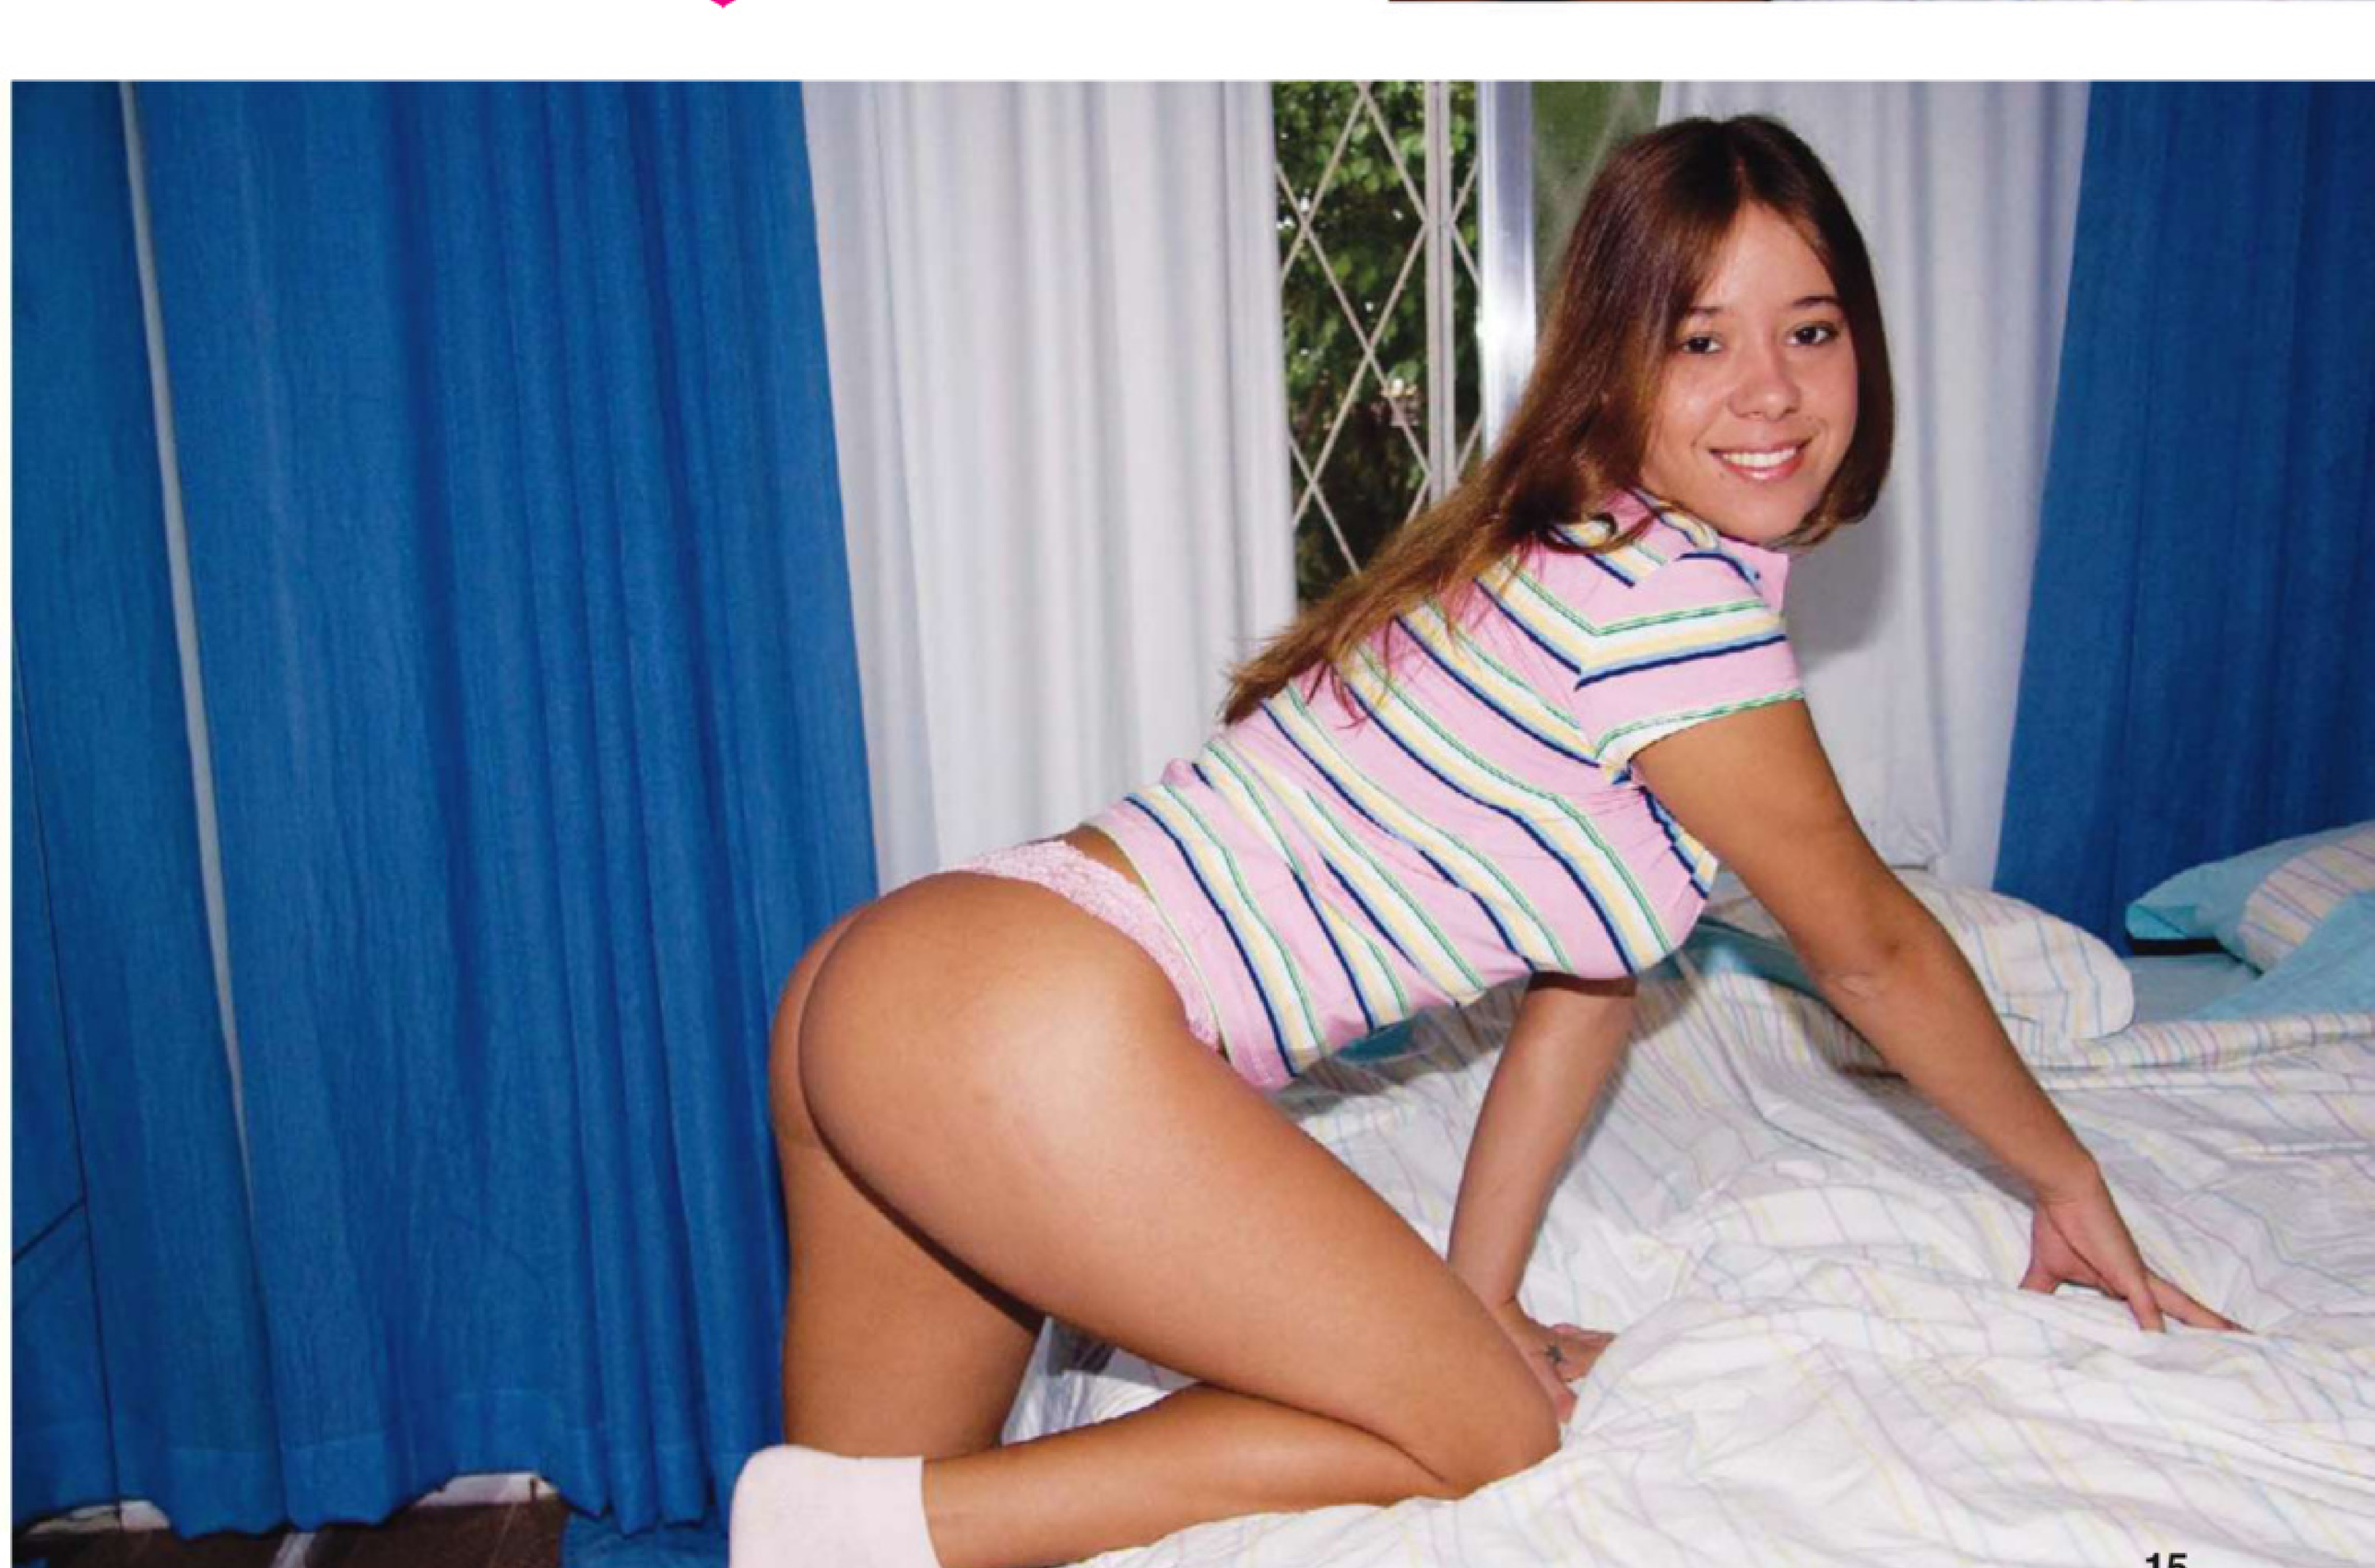

My boyfriend J.K. is a serious butt freak. I mean the guy LOVES ass! What is it about guys and asses anyway? I'll never be able to figure it out, but why knock a good thing? Mine has been getting me some serious attention for as long as it's been big and round—which is a long time, now! I guess it's just genetics-and my Puerto Rican blood. Everyone knows that Latinas have ass for days!

When I was younger it used to bug me, and my brothers would make fun of it. I was just a skinny kid with a BIG ass. But since I've turned 18, the guys are singing a different tune. And though it's sometimes hard to find jeans that fit right, I've learned that having back has some fringe benefits…it gets you totally laid! J.K. let me know how into it he was on the first date. He was kissing me and looking into my eyes, but his hands were roving all over my backside! I was like "what is UP with that, freak?" When we finally did it, it really paid off. When I pulled my jeans off, I thought he was gonna' lose it completely. He couldn't take his eyes off my butt, and he kept rubbing and kneading it. By the time I got his pants off, he was hard as a rock and throbbing! There's nothing hotter than sex with a guy who is totally sexed up like that.

Sometimes he fixates on my ass, and it can bug me, but it's sort of hot too. He loves to get me face down on the bed and slowly pull my panties off. He says he loves the way they get caught on my hips and he has to work them off slowly. Then he buries his face in my cheeks, just breathing me in. It always ends up with him giving me great head, and who doesn't like being eaten out? Sorry if I'm getting too graphic, but when I describe this stuff I get carried away. He even likes the way my ass smells. Guys are so freaky!

Paige

AGE 19

FROM Aurora, Illinois

I really like to learn things.

Seriously, in high school I did my homework, and I know a lot of weird facts that most people don't. I really love history, especially. It's kind of weird, but I like learning about how people had sex in history! Like, did you know that some cultures didn't even use the same positions to have sex in that we do now? How crazy is that!

Not that I really know, cause I'm not a sexy person. Or at least, I never thought I was, 'cuz I was busy studying. I always liked thinking about sex, but I never really tried until my senior year, when we got this new history teacher! And it's so weird because he wasn't one of those young teachers just out of college. No, he had to be at least 50, and he had gray hair, and he wore old-guy jackets with leather circles on the elbows—goober! But Mr. Peters was really sexy to me! I know! Creepy! I think it was the way he was super smart and he knew everything about history. I really wanted him, but I didn't know what to do about it. Like, how am I gonna show my history teacher, who's old enough to be my grandfather that I think he's hot? He would never want to get with someone who's so young and doesn't know anything about sex, anyway. One day I stayed after class to ask him some questions about the Phoenicians and their purple dye that they were all famous for back in the day, and he looked at me and said, "Bridget, how old are you?"

I was like, "I'm 18. Why?"

He said, "I can tell you about the Phoenicians now if you want, or we can go to my house and talk about anything."

Of course we went to his house, and wow, it was like a freakin' museum! He had artifacts from ancient Rome and Greece and China, and he had books everywhere. I was so impressed that… I'm embarrassed telling you this, but they said I should talk about what turns me on, so here

it is! I went up to him in the kitchen where he was making tea, and I grabbed him and got down on my knees and undid his pants and started playing with his cock! I know! It's crazy! I guess I'm a slut, but I never knew it till right then! I've never done anything like that, especially not to a teacher, but I just couldn't stop myself! It started getting hard, so I put in my mouth and started sucking away, and like, I swear, I never ever sucked on a dick before, but I guess I did it pretty well because pretty soon, he was like grabbing at my braids (I had my hair in braids that day) and pulling my mouth down even farther. Then, the tea kettle started whistling, but I was so excited that I just kept going, and suddenly he pulled it out of my mouth and shot his sex sauce all over my face, glasses, my neck, and even my necklaces!

For some reason, having his stuff all over my face made me feel super proud that I'd been able to get such a distinguished man so into me! We never told anyone a word about that afternoon at his house, or about any of the other afternoons I spent there that spring, but now that I'm graduated, I feel okay telling you guys about it!

emma

AGE 19

FROM Salt Lake City, UT

I'm only 19, so I guess I don't know that much about guys.

Still, I'm pretty sure that my boyfriend Fin is a bit odd. I mean, what kind of guy prefers a handjob over actually getting laid? Well, that's the deal with Fin.

He says there's nothing hotter than exploding in my tight lubed-up fist. Who am I to complain? I love doing anything that gets him off and makes his dick spit, just as long as he doesn't forget about satisfying ME! Luckily, he's a great fuck and likes to experiment, so our sex life never gets boring, but when I'm in the mood to give him a special treat, I know just how to do it.

It starts out with me lighting a few candles and getting the room looking sexy.

He strips down to his jockeys and lays on the bed. The cool thing is that the thought of getting jerked off gets him stiff as Patrick Swayze, and there's nothing sexier than the sight of his big hard dick straining against tight, white underwear! Next, I strip down to my bra and panties, 'cuz that's how he likes it, then I straddle him. He loves that. He says that the feeling of my weight on him, and the smooth skin of my thighs and butt drive him crazy. Then I tease him a little more. I lean over him, letting my hair fall onto his face. I let my titties brush his stomach as I move in and devour his mouth. Fin LOVES to be kissed—who doesn't? The taste of my strawberry lip gloss drives him wild, and at this point, I know he can't take much more. Then, I sit up and grab and squeeze his hard cock through his underwear. I just LOVE the look and feel of his thick penis through the cotton. I slowly push the material aside, revealing the hard cock I want inside of my pussy. When I first see it, it's all I can do to keep myself from pulling my own panties aside and lowering myself down on that bad boy. I'm SO fucking wet! Then comes his favorite part. I gather a serious mouthful of spit and spit all over his cock. He doesn't like me to dribble it out like in the pornos, he likes the sound and look of it explosively hitting his cock. I'm not sure why that spitting thing gets him so horny, but many times he cums as soon as I do it. It's pretty hot!

If Fin manages to resist to this point, he gets his reward, and I grab his prick and jerk him hard and strong, holding him tight in my spit-filled palm. Poor Fin never lasts long after that. A few strokes and I can feel his whole body tense before he unloads his gravy all over his stomach. Sometimes it hits me in the face!

Fin stays hard for a long time after cumming this way, and I take advantage of it by jumping on top of his cock for a quick ride. His cum and spit-lubed cock slide into my hot honeyhole real easy. Why waste a hard cock?

So, posing for TIGHT was totally my idea.

Monica would never have thought of this on her own, even though she is real dirty. Just look how her pussy just swallows that purple sex toy like it was nothing. Monica and I grew up together, and she always accused me of being a prude and a goody two-shoes just because she was more experienced with boys and stuff. When we were in high school, we learned all about the Puritans and how weird and uptight they were about sex, so Monica nicknamed me "Pure April." It kind of pissed me off, but I let it go because Monica is from a trashy family of druggies and bikers. She tries really hard not to be that way, but sometimes she can't help being a dick because the white trash thing is just part of her DNA.

A couple of months ago, Monica decided it was time for me to lose my cherry, so she took me to her uncle's bar way out in the middle of the desert. It's like a super scary biker hangout with a pirate flag out front, and he totally lets people do whatever they want in there, and I mean ANYTHING. Monica told me to shave my pussy and put on some super short "Daisy Duke" shorts with no panties, and a tight T-shirt and no bra. She said the guys at the bar would like it better if they didn't have to work hard to get at my treats.

We got to the bar about 10 p.m. on a Friday and the place was packed. The music was blasting at war volume, the place was filled with pot and cigarette smoke, and there were guys

monica and april

firing guns into the ceiling. There were a few girls there, but mostly it was gnarly old biker dudes. I've got nothing against biker dudes, but I didn't really want to give my virginity to one. We did let a few of the younger ones buy us drinks though, and Monica got really drunk.

All of a sudden, just when it looked like she might pass out, Monica jumped up onto the bar and started stripping to some Skynyrd song. The whole place went crazy and every guy in the place, including her uncle, started throwing big wads of money at her. I never saw so much money, and I certainly never saw so much of Monica before. She was stark naked except for her boots in just a few minutes, and then some big huge, biker chick strolled over to the bar and grabbed Monica around her legs, threw her over her shoulder like a sack of flour, and carted her off outside, smacking her ass a couple of times on the way to the cheers of the entire bar.

Well, I didn't know what else to do, so I followed the giant biker chick and Monica outside. The biker chick laid Monica down in the bed of an old pick-up truck and started kissing her pussy. I mean, this old pig didn't even talk to her or anything. She just put her mouth on Monica's privates and went to town. Monica started panting louder and louder, and then she moaned, "I love you!" just before she had an orgasm. I was so shocked I gasped out loud, and they both looked up at me. The biker chick growled, "Take a picture asshole, it'll last longer?!"

Monica told her that I was her friend, and the giant biker chick smiled and purred in a husky voice.

"Mmmm, two for one special tonight?"

"Nah, April doesn't do anything." Monica teased.

Well, I had just about enough liquid courage in me to tell Monica to fuck off, but I didn't. Instead, I smiled real pretty at the giant biker chick and said, "When you're done with that little appetizer, I'll be your main course."

Lame, I know, but I was nervous. But it worked. Giant biker chick, her name was Marcy I found out later, really liked my boldness and sent Monica back inside the bar to get us some beers. Before Monica even had her back to us, Marcy was all over me and my clothes just fell off. In a flash, her fingers, tongue, and some kind of metal object were probing and prodding my sex hole. It was weird, but soooo awesome at the same time, I couldn't help myself. Marcy really knew what she was doing and I totally came in like a minute. Super hard too! I shrieked like a little girl as the orgasm made my whole body jolt and spasm like it had been shocked with electricity. Turns out, it had been. That's what the metal thing Marcy was holding was. Some kind of new electric shock thing made for sex, not a vibrator, but it was totally great whatever it was. Marcy called it a pussy shocker. I let her do it again, and it was even better the second time.

Marcy sexed me up for another half hour and Monica never did come back, so, when I finally felt like I had gayed out enough for one night, I pulled my clothes back on, gave Marcy my number and went back into the bar. Inside, Monica was at the bar and grinned at me like the cat that swallowed the canary. I'm like "What the fuck?" and Monica said, "Did you enjoy losing your cherry, ya big homo?"

I was totally going to say something back, but decided that I'd have my revenge another day. Besides, I really liked it, and deep down, think Monica is totally hot. I still want a boyfriend, but for right now, Monica and her giant biker chick friend Marcy will do just fine. Maybe all three of us will get together and party soon.

❤

Jaquae Amber

AGE 18
FROM
Smackover, AR

Being young totally sucks!!! I mean, really. Some guys might think it's cute or charming to see a young person like me ask for help, or advice or something, but think about how I feel. Like, twice last week, I felt like a total fucking idiot!

Okay, first of all, nobody ever told me that city girls all shave their pussies. So, like, I walk into the showers after gym class at my new city school that my gay parents stuck me in, and all the girls are like, "Eeeeeww, what's all that black stuff on your kitty? Is it a tarantula?" And I was, like, totally feeling like a stupid farmer for having hair down there 'cuz none of them had any, even though they did at my old school. Do you know what I mean? So then, I was out with my boyfriend Todd on Friday night, and I decided that I was going to go down on him for the first time ever, 'cuz he's been super sweet and all lately. You know, let him put his thing in my mouth? So, there I was, sucking his thing in the backseat of his father's Navigator and stuff, when all of a sudden, BAM! All this sticky, hot, nasty stuff started shooting into my mouth. I didn't know what to do, 'cuz Todd seemed to really be happy right then, and I didn't want to ruin it 'cuz he's got like a really bad temper and all, so I swallowed it all!

It was totally fucking disgusting, and it burned my throat all the way down.

Todd really liked it though, and said, "Did you swallow all of it?"

And I said, "Of course I did."

And he said, "You're so awesome!"

And I was like, "Yeah, I know." But seriously, I thought I was going to barf my heart out. I still do and it was like a week ago.

Then, like, Saturday, my friend Rachel told me, "Don't ever swallow a man's semen, you could still get pregnant that way, and like, the kid will come out all retarded and have a tail and stuff since it didn't go in your pussy the natural way."

And now, I'm like totally freaked that I'm gonna get pregnant with some tard monster with a tail like I saw in a jar in biology class. Is that true? I don't know. See what I mean? Being young and kinda' innocent is like being a retard.

I'm really glad I got to work with the photo crew at TIGHT magazine, finally!

I've been modeling for a year already, but most photographers I've posed for up to now have been not professional at all. Like this one guy I did a photo shoot with last week, he, like, didn't even have a studio, and he just wanted to do these weird bodybuilder style pictures where he was naked and flexing, and I was naked in front of him, like, kneeling and showing off his junk! How weird is that?

I mean, I did it and everything, 'cuz he was paying pretty well, but still, like weird, right?

Anyways, the TIGHT crew was really cool and they got work done! So I'm really glad I got this chance! I've always known I wanted to be a model, so as soon as I turned eighteen I started answering online ads for models, and people told me that I had to be careful because online ads could be scams, but guys will pay me $20 an hour just to get naked and let them take pictures of me! I mean, that's pretty much the opposite of a scam, right?

When I started, I was on my second job ever, and when I got there, there was another girl there. I was kind of pissed, because I was scheduled to start working as soon as I showed up, and instead, here's this other girl taking up my time! But the photographer was like, "Why don't we just get some shots of both of you so we can make the best of the overlap in schedules?" I didn't really want to get naked with another girl, but I was like, at least I'm getting paid, you know?

dawn

AGE
19
FROM
Philadelphia,
PA

So I got naked, and he started having us pose together, first, just next to each other, and then with our hands on each other, and then closer together, and then this girl kissed me! I pushed her away cuz I was like, "Oh my god I'm not a lesbian!" But she came back and kissed me again! I was like, "I get it, maybe we're supposed to kiss for the pictures!" So I let her kiss me a few times and then, like, something in my brain snapped and all I wanted to do was just kiss her back! Her lips were so small and smooth and her tongue was like this warm little spark in my mouth—so different from kissing a big clumsy guy!

And then, she started kissing down my body till she was licking my pussy! At first I just stared at the camera like, what do I do? But the guy kept taking pictures, faster than before, and I realized that it felt so good I didn't even want her to stop! I guess it was, like, 'cuz she's a girl too, and she knows what I want, but she was licking away and hitting all the right spots, and I got so crazy turned on with the camera clicking (and, by the way, the photographer totally had a huge hard on!) that I came really hard in her mouth, and I even squirted this watery liquid all over her face! I've never had an orgasm like that before, but it was so intense I almost fell over!

I've never seen that girl again and I don't even know her name, but hopefully she likes TIGHT magazine (I mean, she's a lesbian and they like this, right?) so she can see how successful I am now—and maybe try to find me so she can lick me like that again!

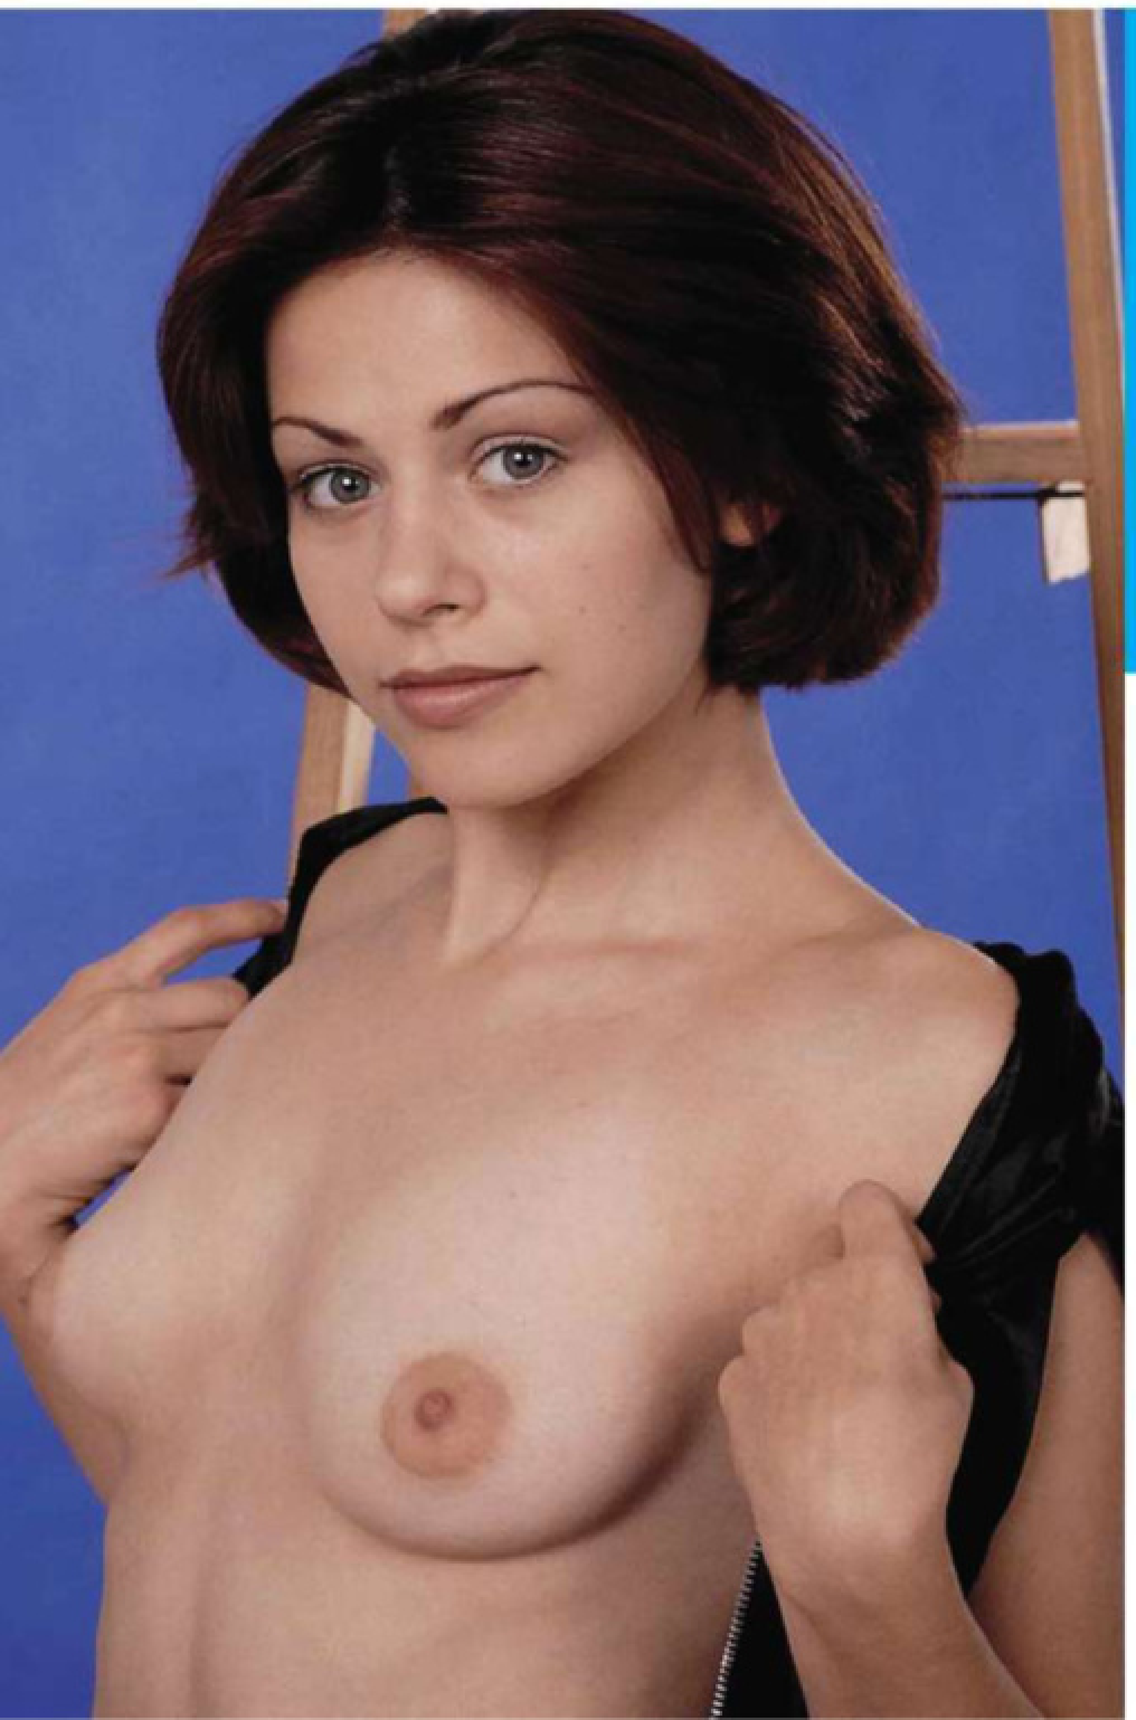

YAMAHA
PSR-12

holly

AGE 19 FROM Waterbury, CT

Hi everyone! My name is Holly and I'm so excited to be in TIGHT magazine for you guys! You won't believe my story about how I got here, but I swear it's true.

I've been taking karate lessons since I was little, and by the time I graduated from high school, I already had an advanced black belt and was teaching classes. That's right, I could probably kick your *ass*! So don't try any funny stuff! But the point is, I spent so much of my time practicing karate when I was younger that I never had any *fun*. I was way too busy perfecting my knife hand techniques.

A few weeks ago, I was fighting this guy in New Haven at a tournament, and of course, I beat him easily, 'cuz I usually win. But then, after the match, he comes up and says he wants to show me something in the private workout room, and that I'm such a good fighter he thinks I would appreciate it, and of course I go with him.

As soon as we get to this little room, he closes the door and turns to me and just starts totally making out with me!

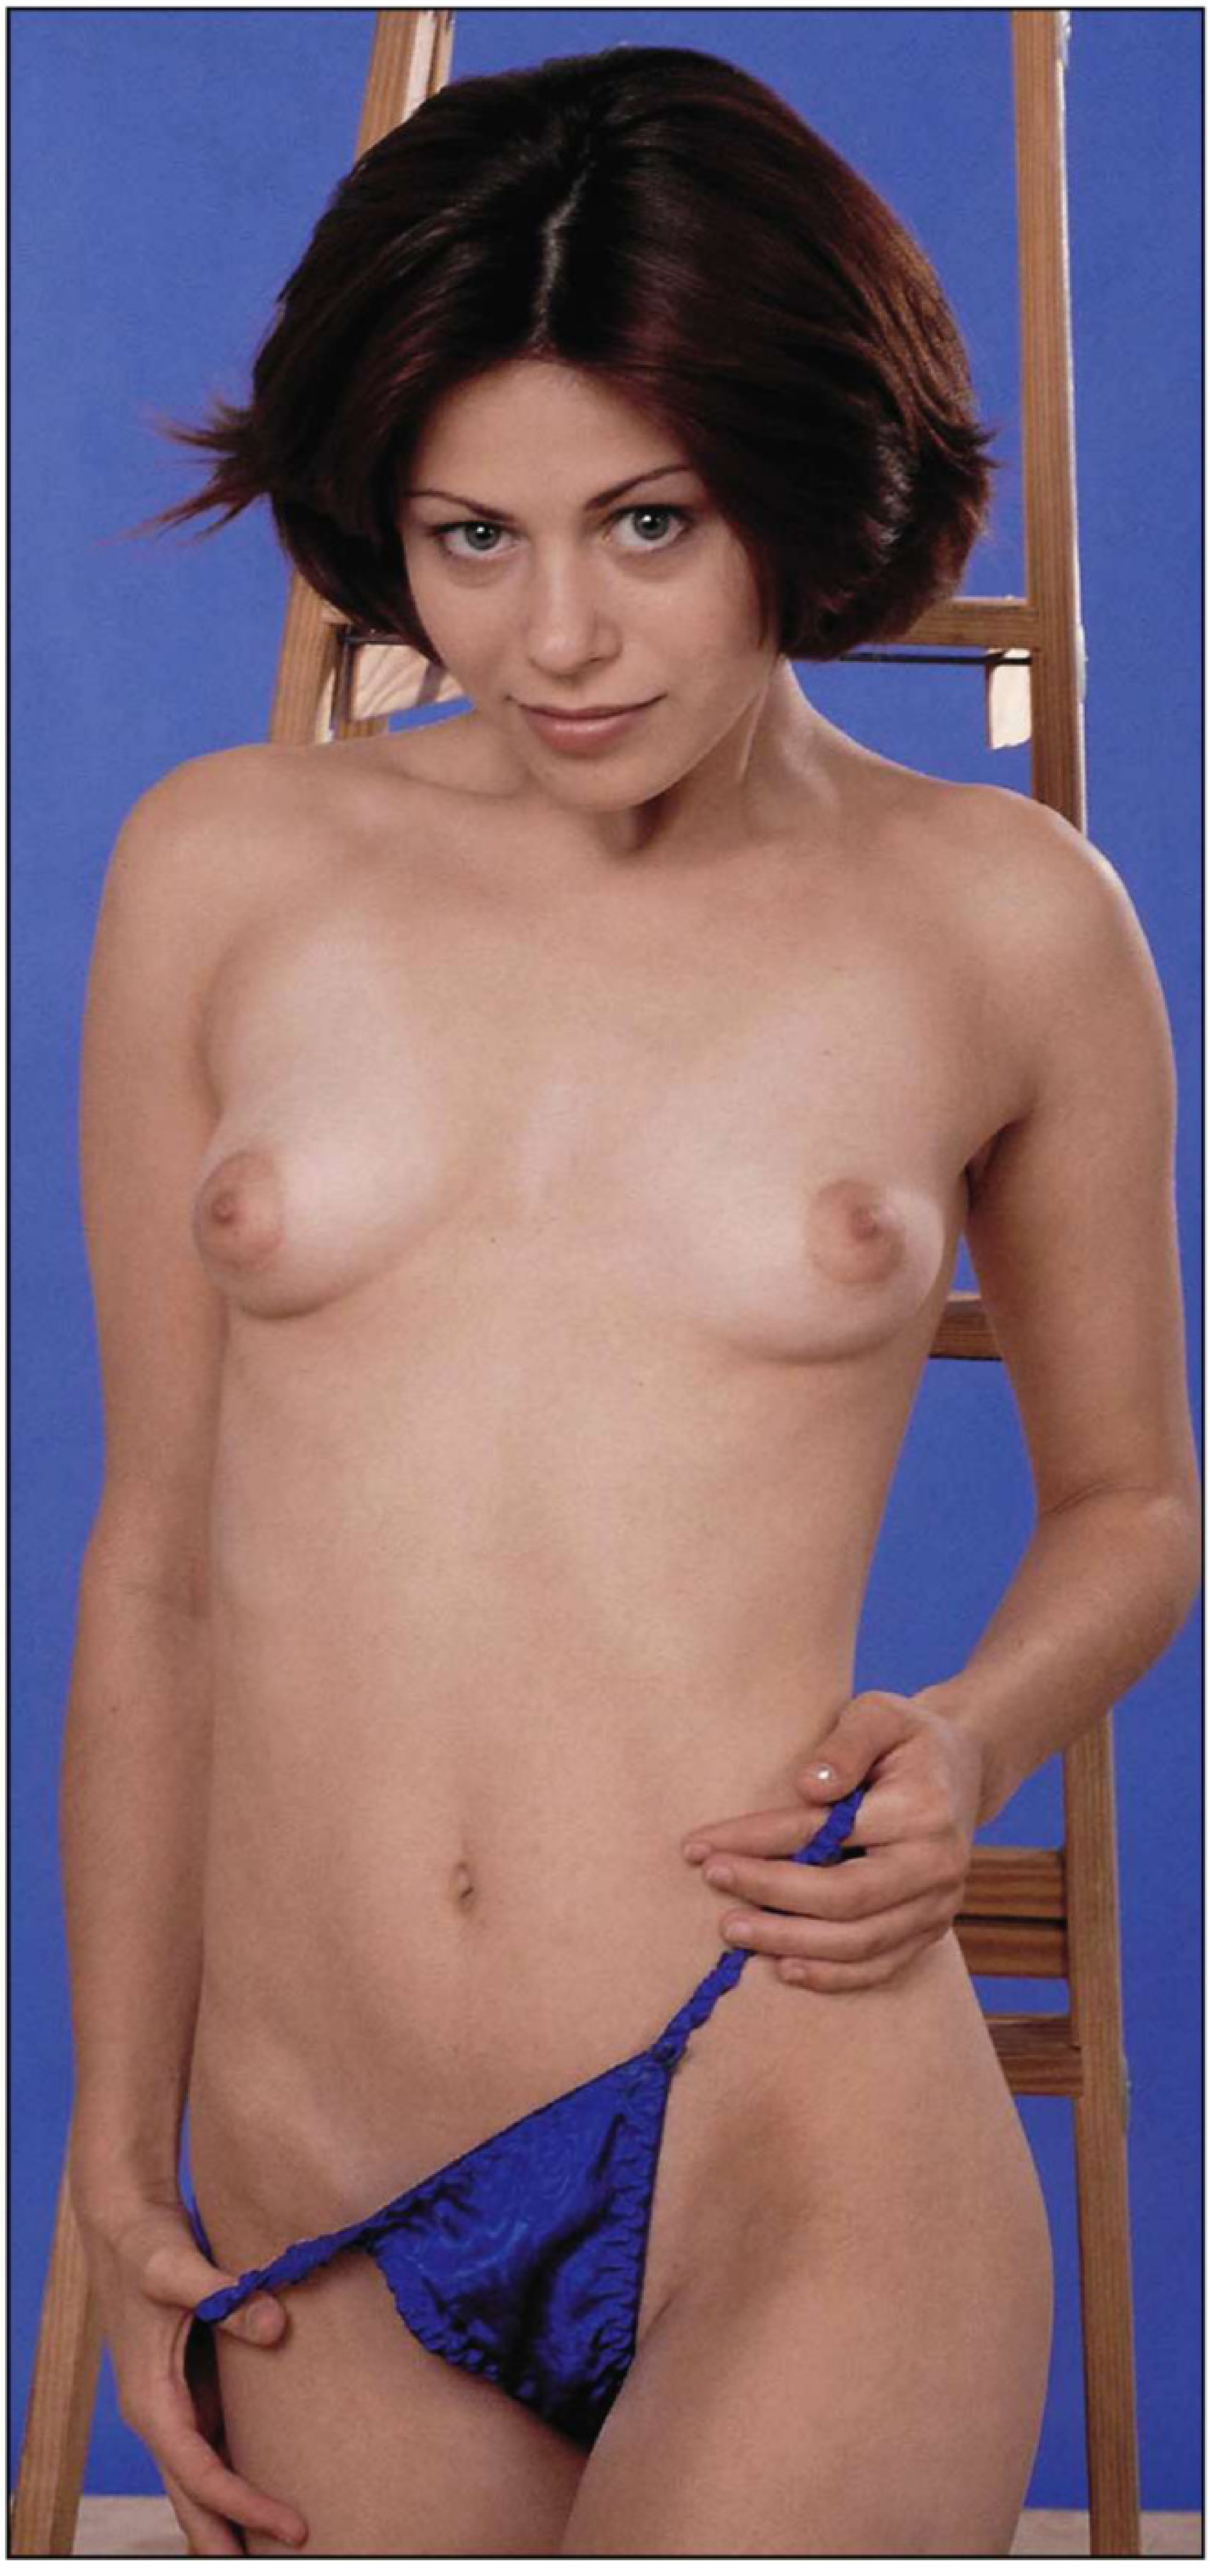

I mean, I was into him, but he should have asked first! So, I pulled out my moves and sent him flying across the room with a kick to the side.

He jumps up and comes right back with some jabs and punches, so I block and deflect, and before I know it we're having a whole bout all alone in this private room! I've been doing karate for years, but I have never wanted to pin someone down and take their clothes off before! And I think that's how I won—I was determined to get his shirt off of him! I pinned him up against a wall and grabbed his crotch and started unbuttoning his shirt with my other hand, and before I knew it, we were on the ground, naked!

Okay, let me be honest: I've never been naked with a guy before, *ever*! I suddenly got really nervous because, like, I didn't even know this guy! So I started blocking his hands and kisses again, out of instinct, but I guess he'd had enough of fighting me, because he grabbed my wrists and held them down on the floor over my head and said, "You're not going to beat me this time. I let you win before."

And the way he said it, all husky from fighting, I just lost it! He let go of my wrists and I just laid there and let him put his big hard penis inside of me! It took a while because I was so tight down there, but then it felt so good! He was really gentle, which was nice 'cuz I'd never done that before, but pretty soon, I felt myself getting tighter and tighter, and I totally had an orgasm! I think he felt it too, because he came all up inside me, and then we just laid there for a while, totally exhausted.

And then! Oh my god! The Sensai came in! He caught me naked with a guy from the other gym, and he was so mad he told me to never come back to his gym, ever! My Sensai, who'd been teaching me for ten years! I was sad, but I still have to find something to do, so I decided to try modeling, and here I am in TIGHT! Crazy, right?

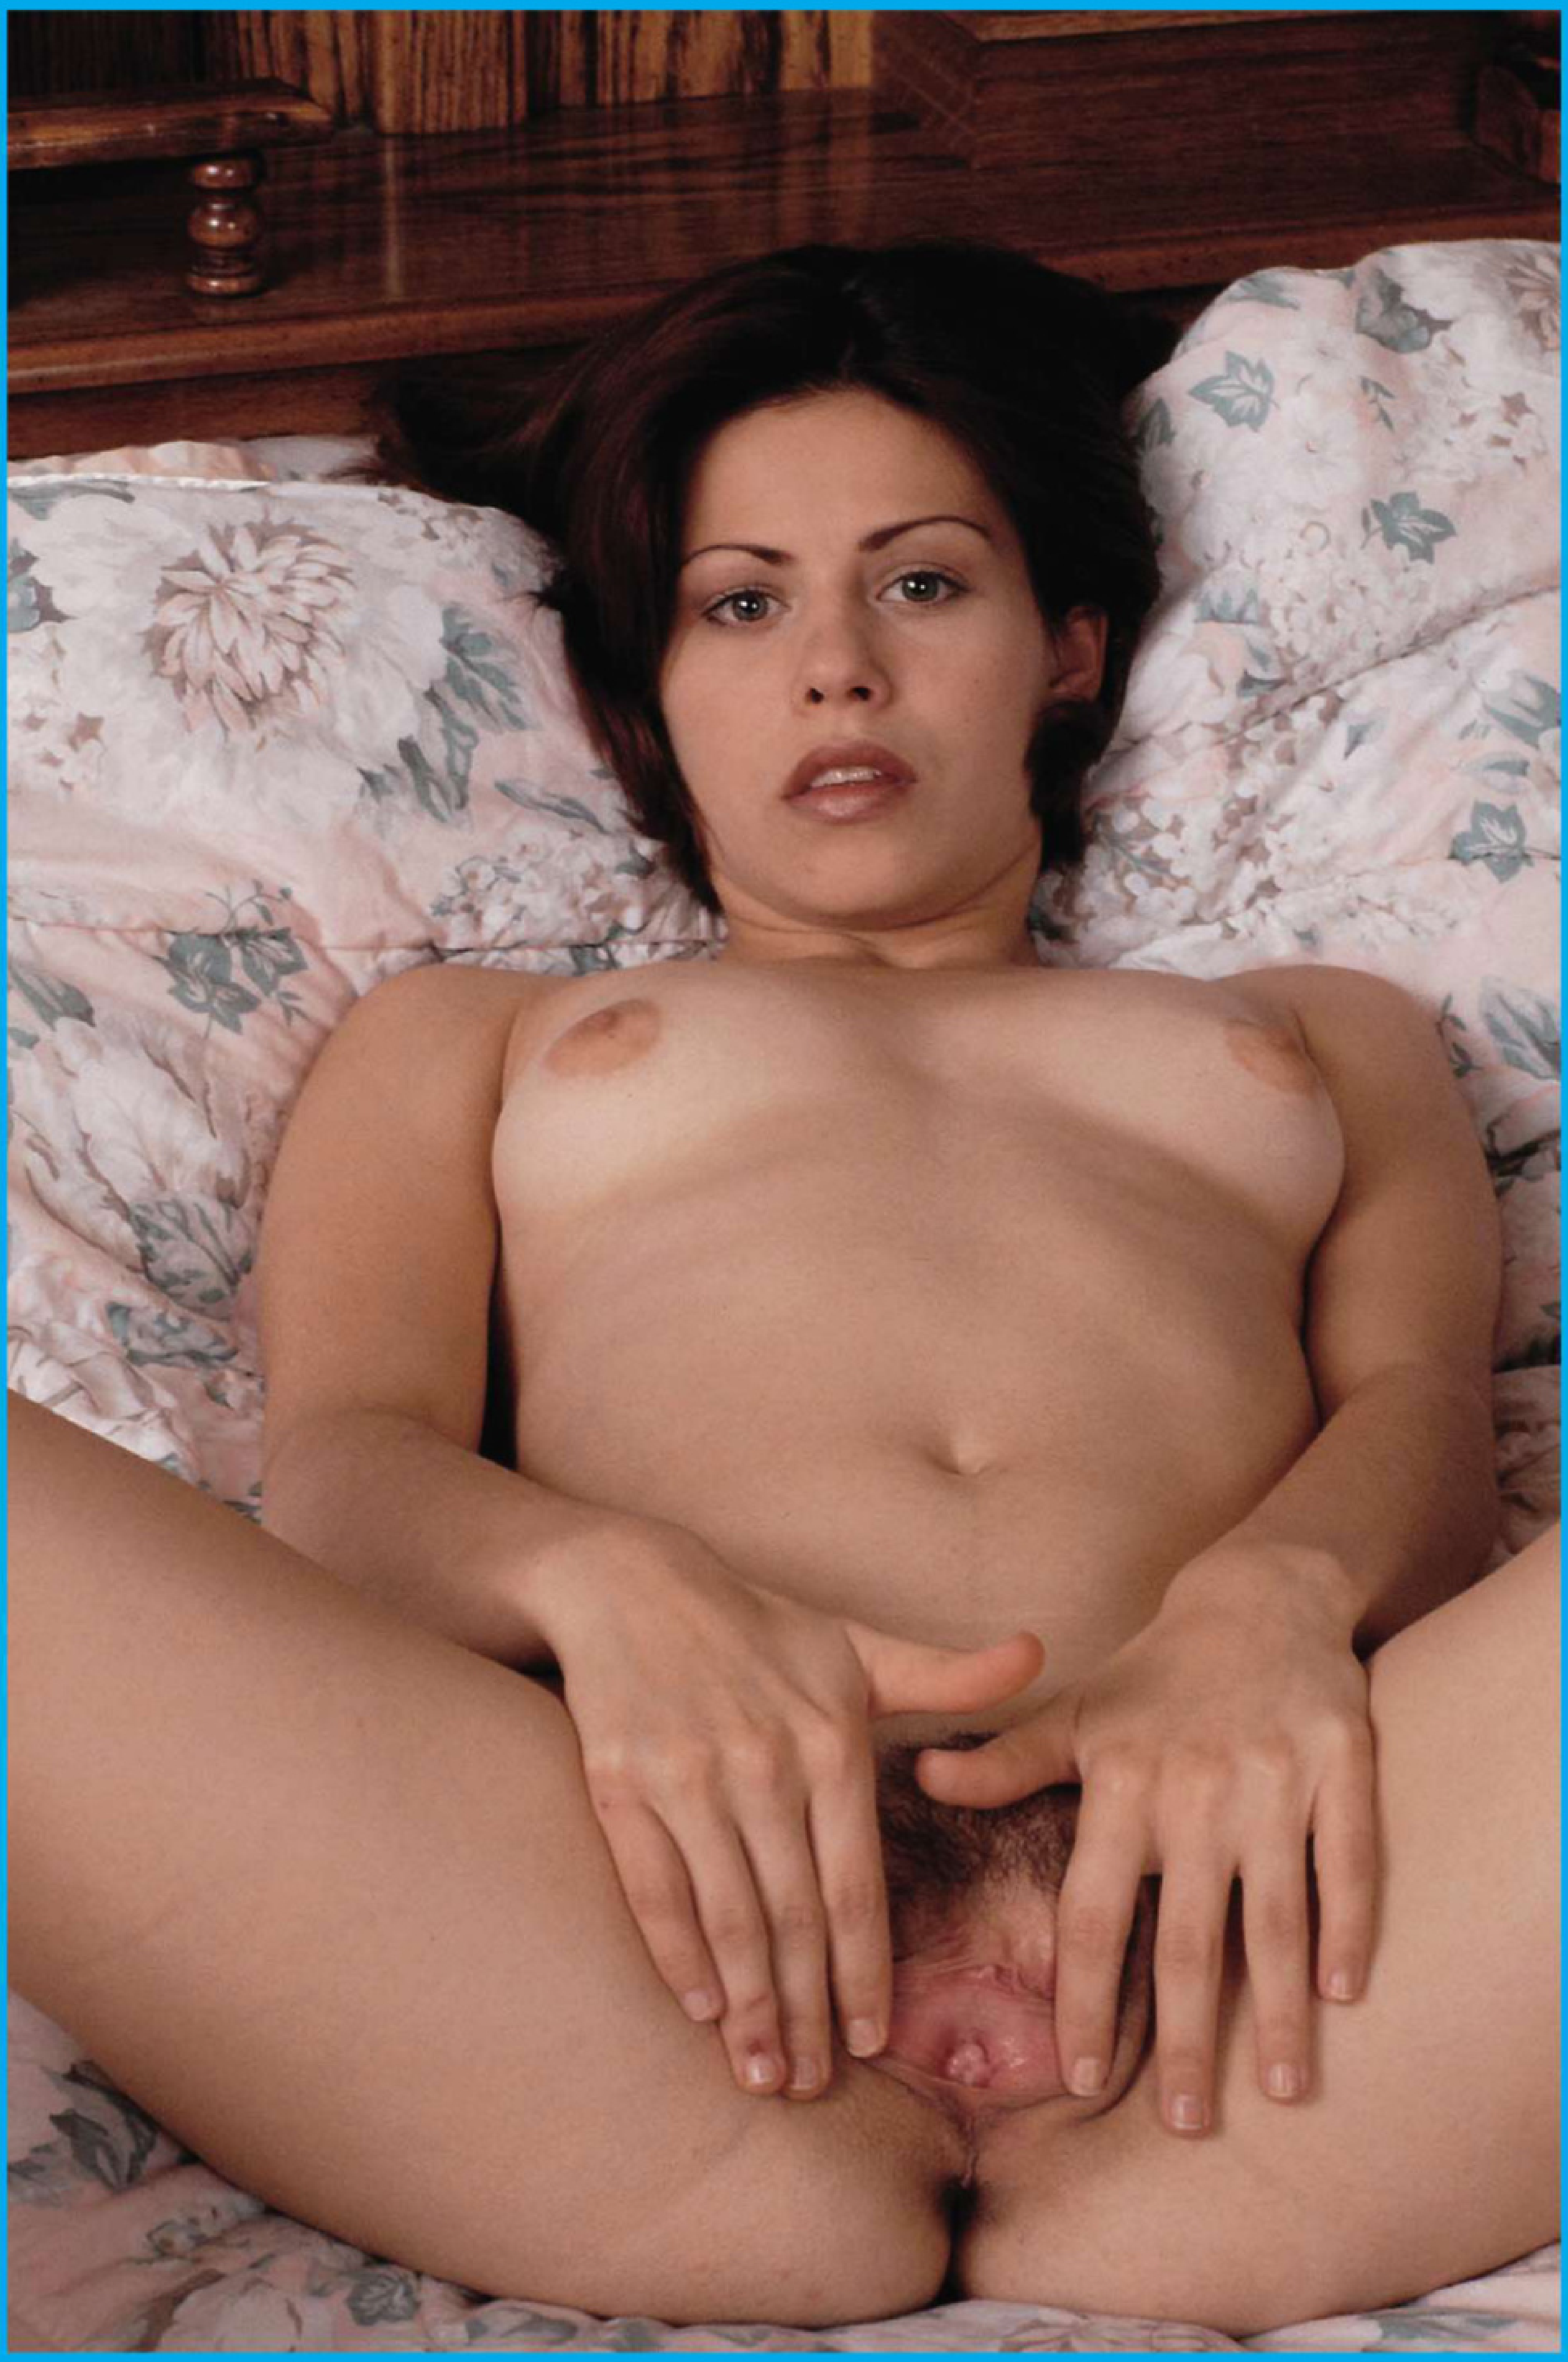

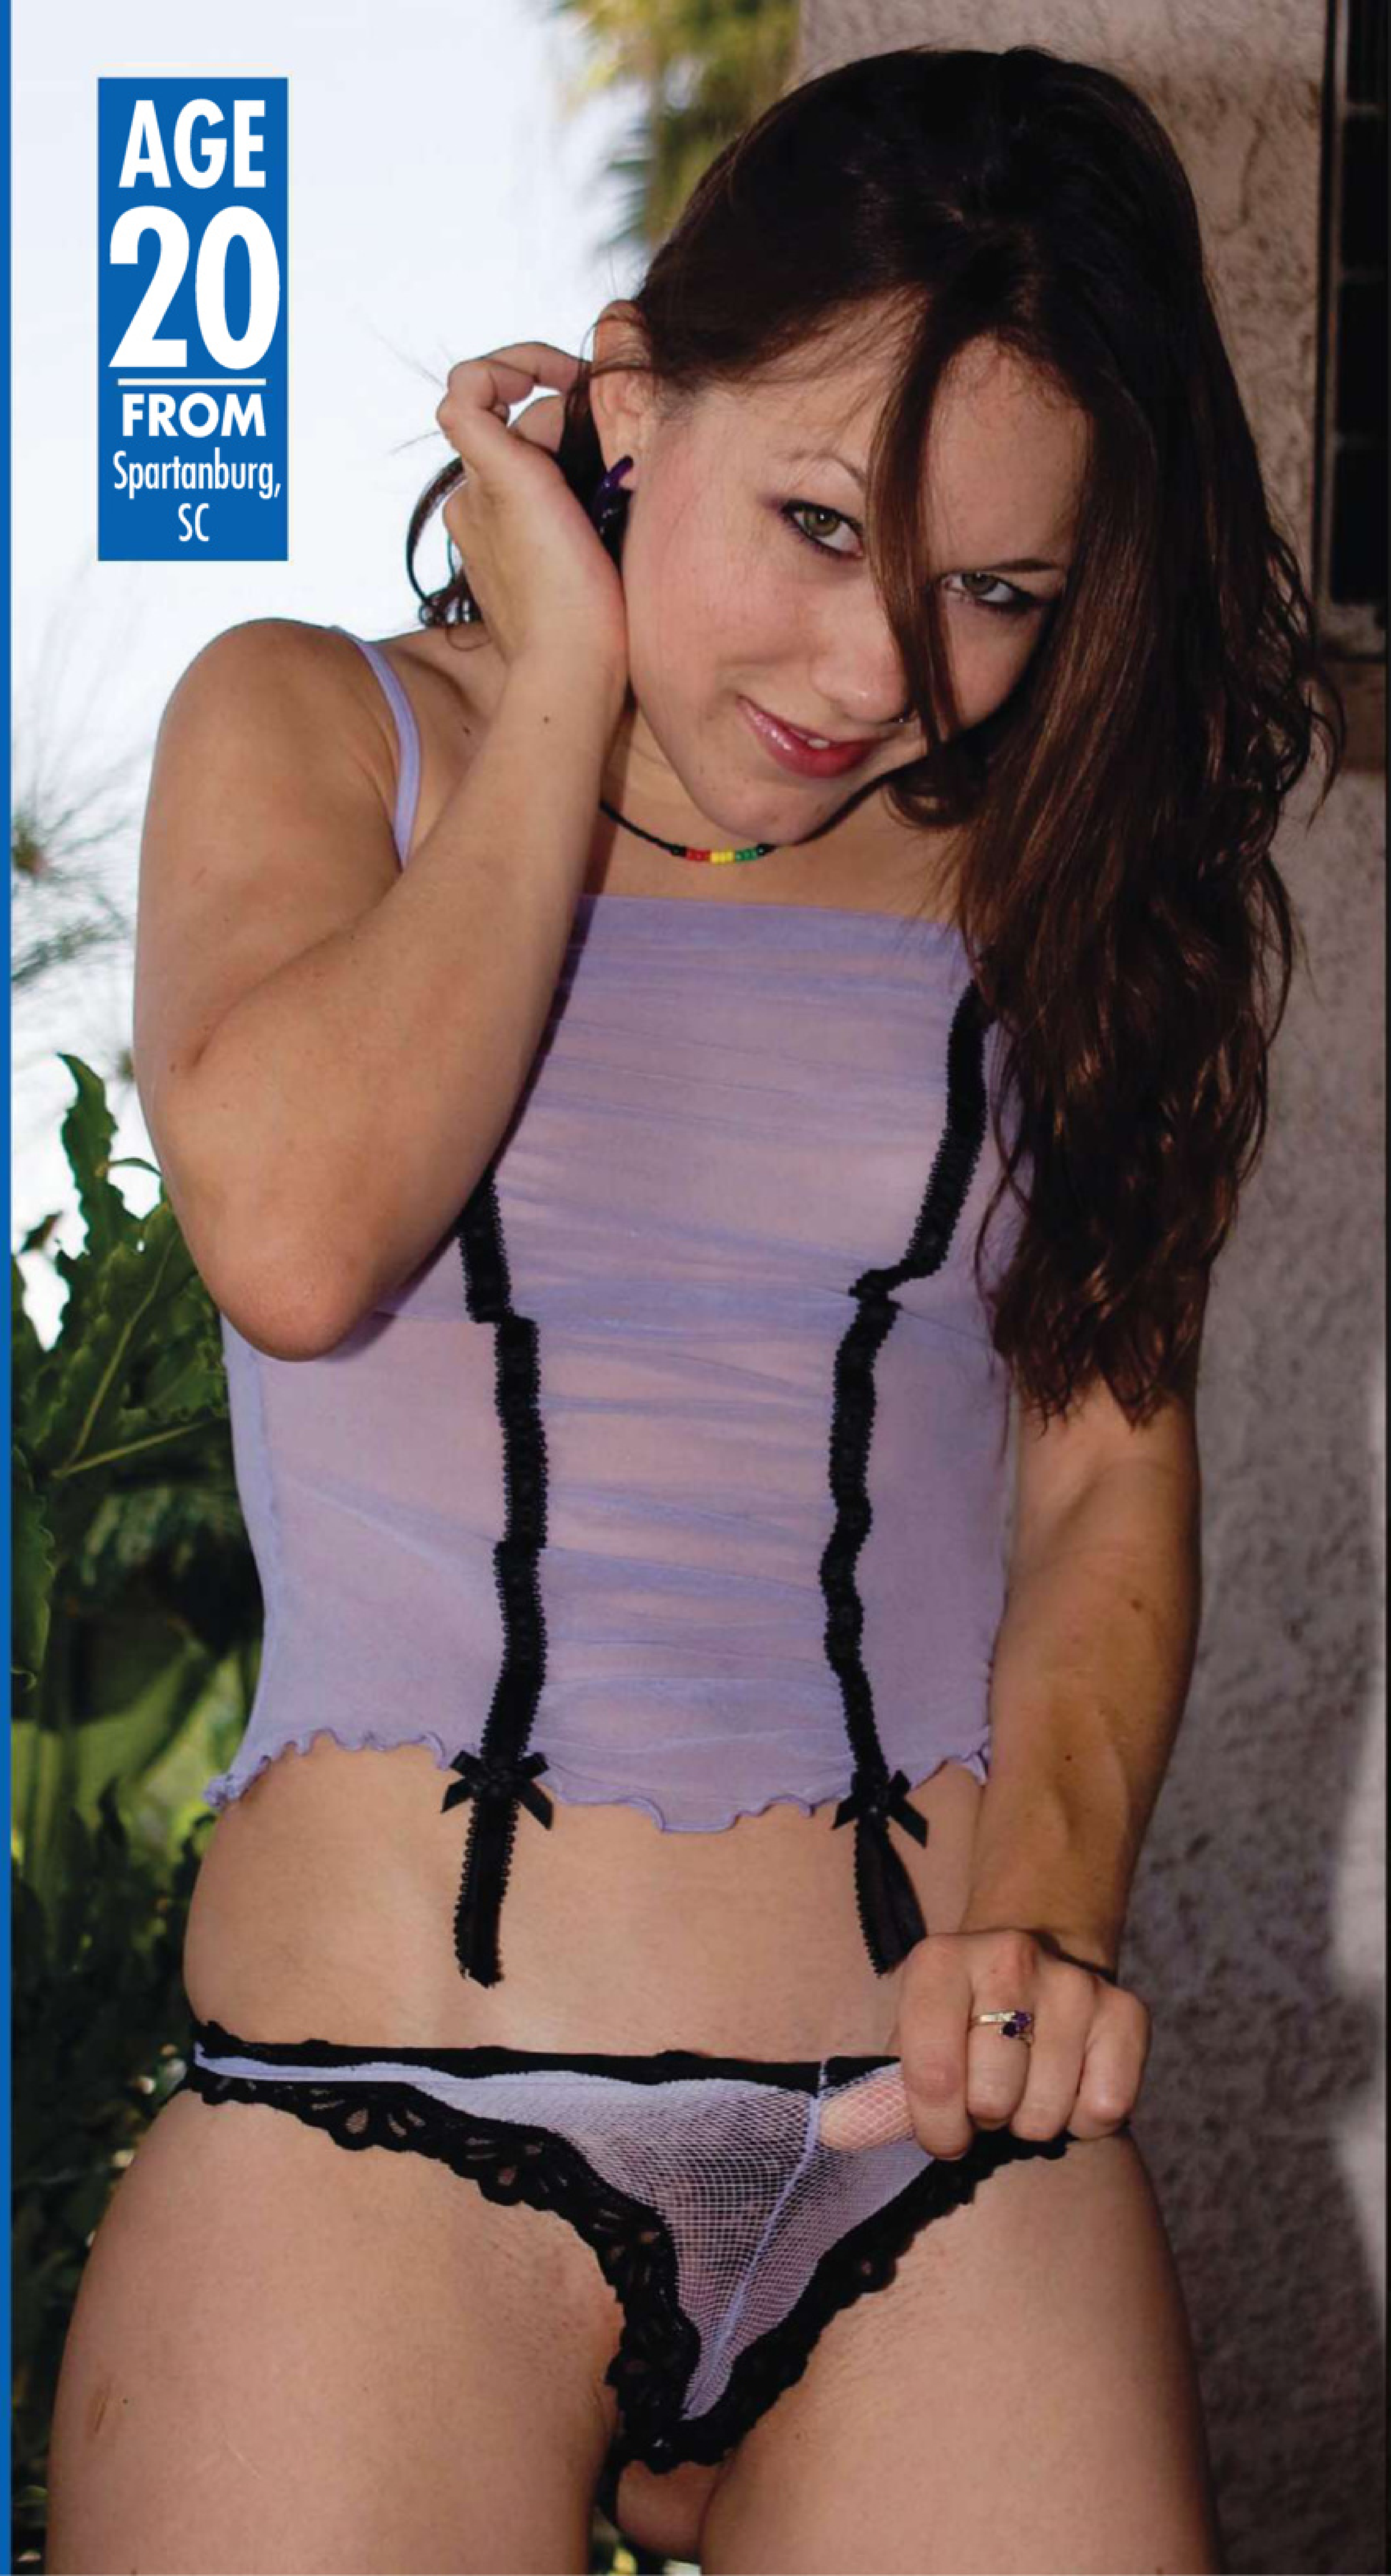

AGE 20 FROM Spartanburg, SC

Bigger is better—or is it? People have been pondering that question for centuries! Sure—the thought is that girls love a big cock. That's the stereotype. But what do girls REALLY want? Well, I can't speak for everyone, but if you ask me, I'll take a "Romper." I still remember when I first heard that word. It was back in high school when I snuck into my brother's room and read one of his dirty magazines. There was an interview with this hot looking porn star, and she was talking about how she didn't really like cocks that were too big. She liked "rompers," cocks that were just the right size-that you could "romp" around on.

Now that I'm 20, and have had my share of man meat, I'm here to tell you that bigger isn't always better. Sure—those massive porn star cocks are hot to look at, and the sight of them all swollen and thick can get a girl's juices flowing, but the reality is, they hurt! Not that I have THAT much experience, but if you love sex like I do, and like to play the field, sooner or later you're gonna come across one of those monsters. It's not like every guy you meet has a giant dick like the porn flicks would like you to believe. But they're out there, and like I said, they can be exciting.

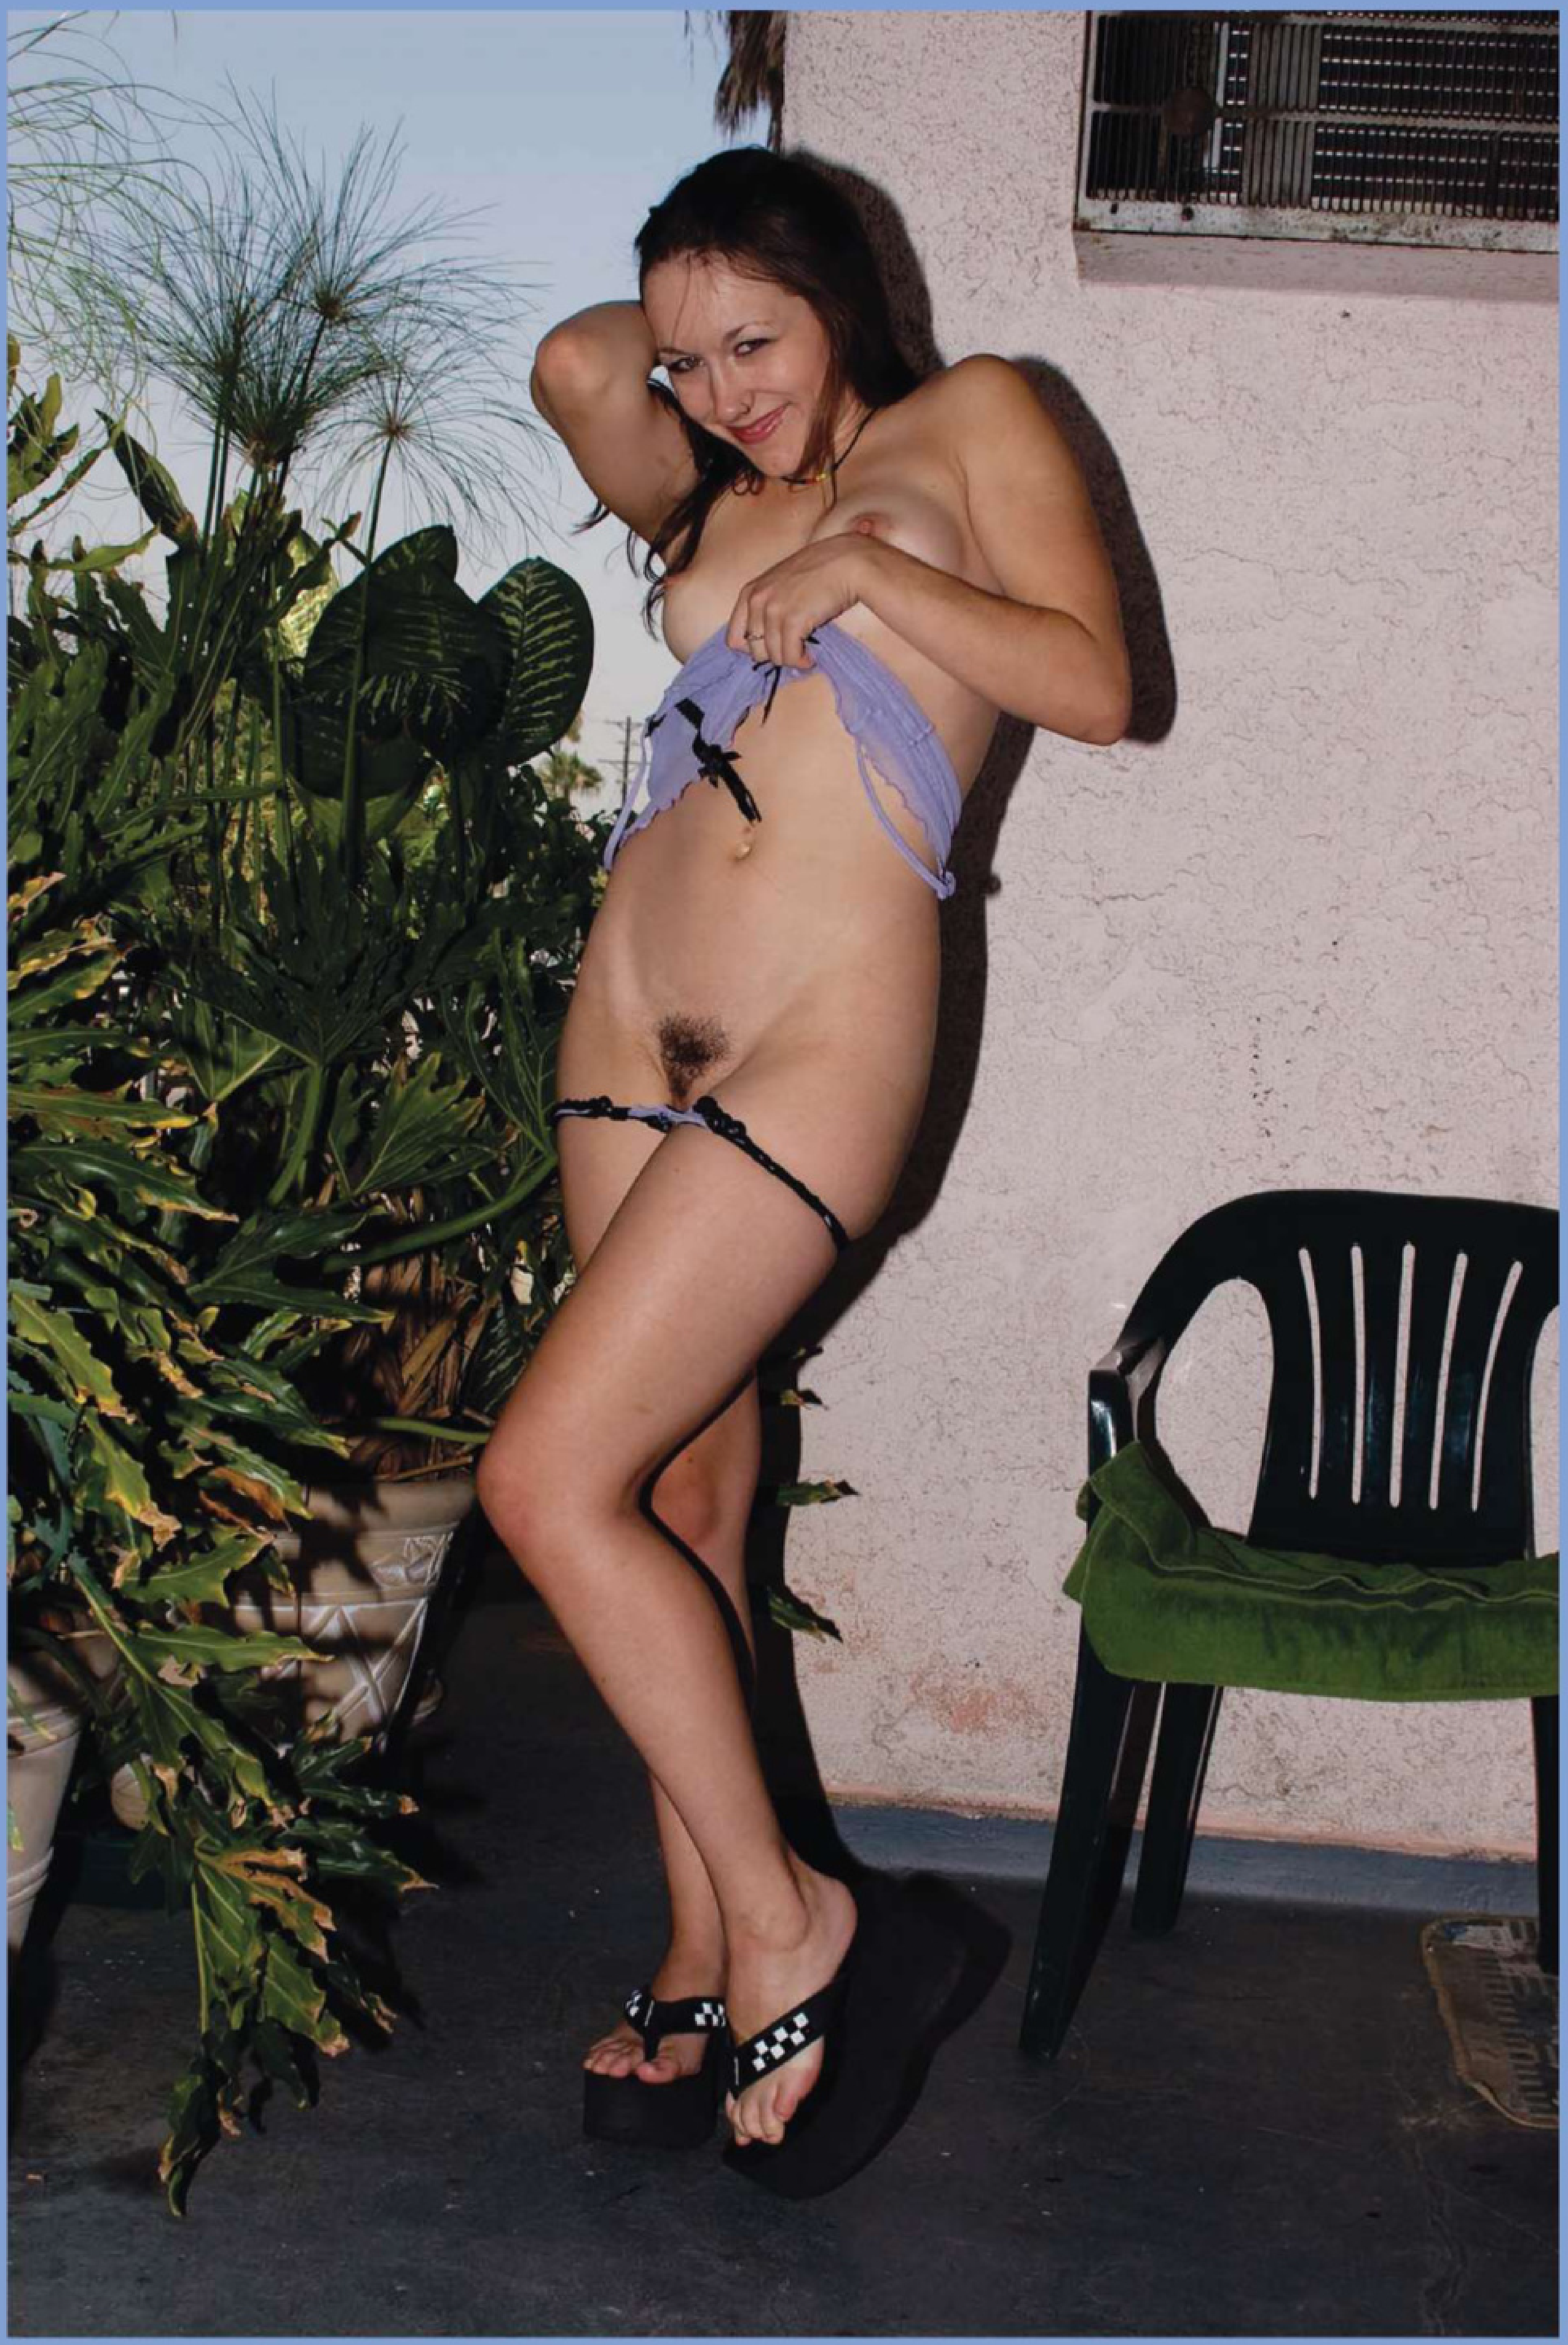

The feeling of getting filled up like that is awesome, but you can't do much once they're inside of you. It's like being impaled! The biggies are overrated, and of course, like the song says, "don't give me no little-dicked man!" No one wants a guy who's too small either. We like to feel it. So a nice "romper" really does the trick. Luckily, my favorite "friend with benefits" Chuck has the perfect pickle!

I feel stupid describing it, but it sort of turns me on too. I just love the sight of it lying hard across his stomach. It's about six or seven inches long, and has a nice medium girth to it. When he slides it inside of me, it feels yummy! My favorite thing is to climb on top of him and do him cowgirl style. It fills me nicely, and once I'm lubed up after a few strokes, I can really ride! I like to do a lot of the work, so it almost feels like I'm fucking HIM. It's like fucking and getting a workout at the same time. He never complains! I guess I'm just full of sex energy, but I like fucking like that. Hard and fast. You can't do that with one of those over-sized porn star cocks. Nope—I'll take a "romper" any day!
